

# Renewals

45 days before the renewal effect date, you may view the renewal document.

A screenshot of a software interface for managing renewals. At the top, there is a header bar with the ID "0105512.102 (2/14/2023-2/14/2024)" on the left and "Quoted ^" on the right. Below the header, there are two filter sections: "Status: Pending" and "Type: All", each with a dropdown arrow. The main content is a table with the following columns: Transaction #, Type, Effective Date, Created Date, Comment, Status, Reason, and Actions. A single row is visible with the following data: Transaction # 0121588877, Type Renewal, Effective Date 2/14/2023, Created Date 12/2/2022, Comment (empty), Status Quoted, Reason (empty), and Actions. A red arrow points to an eye icon in the Actions column of the first row.

Transaction #	Type	Effective Date	Created Date	Comment	Status	Reason	Actions
0121588877	Renewal	2/14/2023	12/2/2022		Quoted		

Click the eyeball to have a “read only” view of the quoted renewal.
